

## ***EUROPEAN IDENTITY: WHAT IS IT?*** ***An English Jingle for a new European identity***

In Europe as Europeans,  
Ignore the flesh and illusion,  
We are each a radiant spirit,  
Alone, we are as candles,  
The darkness seems overwhelming,  
Together we are suns that illuminate,  
Unity and understanding scares away the shadows,  
In step together in a beautiful dance,  
The ideas we share today,  
The dreams made real tomorrow.

I/You/We are Europe.
